Joe: Ya'll ready? Check it out  
Profyle, Chico, and Joe

Verse 1:

Baby baby since you've been away  
The skies are gray, my world is fading  
I see love is walkin' 'round my way  
The holiday, the celebrating  
With everyone with smiles upon their face  
Anticipating  
But the stars are not for me cause deep inside my  
heart is aching  
When your out there on the road  
I'm missing you, I can't hold on (I can't hold on)  
And on this special day

Chorus:

Baby come home, baby come home  
This Christmas night, (this Christmas night) don't leave  
me home alone  
Don't leave me alone, baby come home (callin on you)  
It's just not right, for you to leave me alone  
Make sure you're home

Verse 2:

Colored lights and Christmas ornaments  
Through frosted windows, candles glow (Ohh wee)  
Love is sharin' with all the Christmas joy  
I stuffed your ice out in the snow  
There's a fire burning bright  
But you're not here to hold me tight  
On my knees I hope the angels ?????  
When your out there on the road  
I'm missing you, I can't hold on (Ohh lady)  
And on this special day  
But your working

Chorus:

Baby come home, baby come home  
This Christmas night, don't leave me home alone  
Baby wont you come home, it's just not right (it ain't  
right)

For you to leave me alone  
Make sure you're home

Verse 3:

I got a present waiting for you here when you get home  
(Yeah)  
I can't wait to see you wrapped up in my arms baby  
All I want this year is that you get one precessions gift  
Share this special night, special night  
Share this special night

Chorus:

Baby come home, baby come home  
This Christmas night, (this Christmas night) don't leave  
me home alone  
Baby come home (won't you come home) it's just not  
right (it ain't right)  
For you to leave me alone  
Make sure you're home

Everybody sing  
Make sure your home  
Ohh Ohh Ohh Ohh Ohh Ohh Ohh  
Ohh Ohh Ohh Ohh Ohh Ohh Ohh  
Repeat till fade:  
For you to leave me alone  
Make sure your home  
Make sure your home  
Ohh Ohh Ohh Ohh Ohh Ohh Ohh  
Ohh Ohh Ohh Ohh Ohh Ohh Ohh
