"A John Hancock With the Safety Off"

Visit "[A John Hancock With the Safety Off](#)" on MotoLyrics.com

(Cure the radio)
We'll lend you an oxygen flask
(Cure the airwaves)
To quench your collapse at last
(Cure the video)
We're beaming in pearl and white
(Cure the satellites)
Cause finally your poverty's mine

You're probably wondering how we came out alive
While we are laughing while you bury your eyes
Never forget our only reason to live

(Cure the Radio)
Solutions of silver and chrome
(Cure the Airwaves)
In broadcasts of pirate hopes
(Cure the video)
These portraits of "assets" have turned
(Cure the satellites)
From pictures into revolvers

You're probably wondering how we came out alive
While we are laughing while you bury your eyes
You're probably wondering how we came out alive
Never forget our only reason to live
is to die

Come Down
And rise to our level(2x)

Cure the radio
Cure the airwaves
Cure the video
Cure the satellites

Let all the world know the prisoners took flight
And watch the city streets as towers ignite
The former kings and all their armies burn bright
While we sit back in all the glory tonight

You're probably wondering how we came out alive
Never forget our only reason to live
