Everyone down on the floor
No sudden moves and lock the door
I've got this feeling I'm chasing
I'll never rest until I find it

I've been plotting away in my heart every day
To put this plan into action
And though I try to resist, I find the thing is this
Until I get it, there's no satisfaction

I want something you have
I want it oh so bad
Don't move, hand it over
I won't stop till it's in my hands

Deep in the recess of every man
Is a thief, a robber, a criminal
Below the surface of every hero
Is an envy, a restless evil

And though I try to resist, I find the thing is this
Until I get it, there's no satisfaction

I want something you have
I want it oh so bad
Don't move, hand it over
I won't stop till it's in my

I want something you have
You must meet my demands
Don't move, hand it over
I won't stop till it's in my hands

Evil, evil
Evil, evil

I want something you have
I want it oh so bad
Don't move, hand it over
I won't stop till it's in my hands

Something you have

Something you have
Something you have
In my hands
