"Hate Incarnate"

Wake the dead, Soldiers arise
It's time to Kill all what's Divine
Spill their blood, tear out their spines
Rip, cut, murder, fuck

Angels dead, bullets are mine

Blessed am I with Hate in Mind
Nail Her head upon the wall
Sick, blessed, Raped, whore

Your lies burned My eyes as You tried to twist My Mind
I had to do it for Mankind
Kill, burn, God, fucked

So the ones with Hate in heart, the army of the Dark
Turn the cross towards hell
Lies, dies, angels, cries

And Your God is dead, sprayed with lead

I turn against the holy land
With hate in heart and blood on My hands
And Your God is dead, sprayed with lead

Rape, kill, God, fucked

Burn, burn, burn, fuck

So I cry as You die
And there will be no kingdom of glory
So God is dead, there is no Light
And Jesus Christ was just a wooden icon

I bleed the endless lies, I bleed the endless suffering
I bleed the endless lies, I bleed the endless suffering
I bleed the endless lies, I bleed the endless suffering
I bleed the endless lies, I bleed, suffer

I ask of You, would You bleed for Me
Or let Your scars heal

As My name is legion for We are many
I ask again, have the angels bled enough for Me

I ask the Whore, will you bleed for Me Eternally

And Your God is dead, sprayed with lead
I turn against the holy land
With Hate in heart and blood on My hands
And Your God is dead, sprayed with lead

I bleed the endless lies, I bleed the endless suffering
I bleed the endless lies, I bleed the endless suffering
I bleed the endless lies, I bleed the endless suffering
I bleed the endless lies, I bleed, suffer

I ask of You, would you bleed for Me
Or let Your scars heal
As My name is legion for we are many
I ask again, have the angels bled enough for Me
I ask the Whore, will you bleed for Me Eternally
