And now I sit in thought
As the plot of my days commences
And I'm left with fences
Put off the thoughts of my end
So long to race
To chase after the trends
So fleeting hours pass
Unsettled unresolved my passions
I escapes to win a new day
To waste misaligned priorities
Parallel my desires
I hide my eyes to avoid embrace
I smell the stench
Unavoidable approach comes against
And yet I'm left asking the question
Denied a way to defend
The thoughts that this side equates
With what awaits

(Sonny from P.O.D.)
I'm rippin right through the masses
Sacrifice into ashes
Giving up what was past tense
Raising up like Lazarus
Laugh at the strongman
Who thought he had control on my eternity
Eternal is Christ empowers me
Like the faith that builds my strength
Is your dreams that fade away
To the battlefield we soldiers play
I dance with life beyond the grave
And Jah (God) only knows that I will never rest my head
No time for us to sleep
We concentrate on the son until our eyes bleed
Salvation carries a cost we must prevail
Death creeps like the breeze
But have no fear watch me inhale

(2X)
[Temporary Bliss]
The depths await my burial
[Temporary Bliss]

As the hours seem as seconds
[Temporary Bliss]
The end of your bliss is coming
[Temporary Bliss]
Face the path, sip the last

Embrace ends
Every day a new day to die
Die time
The former life is passed
Blind side
I know what awaits my fate
Haste breath
Unavoidable ceasing of days
Embrace ends
Every day a new day to die
Die time
The former life is passed
Blind side
I know what awaits my fate
Haste breath
Today's a good day to die

(Sonny)
With the quickness equipped to bring the pain
Enemies the soldier rages on
Praying for casualties
In the distance I see a vision of my reflection
Life and death intersection
This holy spirit intersection

(Andrew)
Say hello to my end and greet the fears
That grip majority nightmares
Removed bitterness none to spare
I pursue my fate
With a lack of remorse
I stand resolute to embrace the course

(Sonny)
Confusion settles the mind
Mind settles for blasphemies
Ignoring the call heart dwells iniquities
Let the praises on through we worship God most high
Face to face with the truth
You know we're ready to die **READY TO DIE**

(Andrew)
Reeling defenseless grieving and senseless
Your powerless to avoid
Demise left gaining on exit
And straining to fight it
Your only option is losing you life to find it
(Sonny)

With the quickness equipped to bring the pain
Enemies the soldier rages on
Praying for casualties
In the distance I see a vision of my reflection
Life and death intersection
This holy spirit intersection
(Andrew)
Say hello to my end and greet the fears
That grip majority nightmares
Removed bitterness none to spare
I pursue my fate
With a lack of remorse
I stand resolute to embrace the course
