Rising up against this wickedness  
And unphased by your endless myths  
Hands all around reach to slow him down  
He's all about this sound

We aren't playing by your rules  
We'll never play the fool  
So, no, you cannot take  
What's inside of me

All about the sound from way out  
He's got the scars just to prove he's down  
No apologies to confuse his brain  
This argument is sustained

We aren't playing by your rules  
We'll never play the fool  
So, no, you cannot take  
What's inside of me

We aren't playing by your rules  
We'll never play the fool  
So, no, you cannot take  
What's inside of me

He's walking, non-stopping out of the shadows  
Sounds of the new-he's got a look in his eye  
There's something more than you're feeding him  
He's not afraid to say, no no no

You're talking, non-stopping echoing voices  
But nothing you said made a dent in my head  
I'm hearing you fearing him 'cause he's not afraid  
He's not about bowing down to what you say

You hate us 'cause we'll never go away  
And like some sort of fungus we're growing every day  
And our knuckles aren't dragging so I guess that  
leaves to say  
Our message isn't stopping until you drag us all away

Hear the silent ignorant voices spew

"You're all a pack of disoriented youth"  
He lives to see the day those voices end  
But until then I'll send this  
Off to you, off to you

You hate us 'cause we'll never go away  
And like some sort of fungus we're growing every day  
And our knuckles aren't dragging so I guess that  
leaves to say  
Our message isn't stopping until you drag us all away

You hate us 'cause we'll never go away  
And like some sort of fungus we're growing every day  
And our knuckles aren't dragging so I guess that  
leaves to say  
Our message isn't stopping until you drag us all away
