My time has come to over throw you my conquers my
demons
Ooooh
My Demons

Rise above this (x3)
Rise

Wake me up before it's to late
I've become someone greater
Do you get the message
Do you get the message

I don't think I that can break this world
I'm gonna scream till there's nothing left of you (x2)

Your so divine baby
You'll feel it in yourself
And even in your walls baby
And every time you sat on it
I'm in your thought
There's no place to hide
In the darkness of your mind

You've gotta give a little
Uh uh
You gotta give a little more
You gotta give a little
Uh uh
More than you did before
You can't accept your life, as it is right now
You gotta shake things up
Hell lets shake things up

Ahem
Find someone tonight
Burn someone tonight
I see the truth in all your lies
I see the truth in all...

Rise above this (x3)

Rise

Wake me up before it's too late
I've become someone greater
Do you get the message
Do you get the message
