(Prozak)

All of my life I been a victim of this corporation
Devestation across this nation filled with
contemplation
And now I'm manic depressed paranoid and obsessed
Compulsive I am afraid so I will buy impulsive
A perfect puppet of political propaganda
Prozak is droppin bombs like the Cuban Missile Crisis
havana
The sattelite systems attractin the voices barcode
GPS and the radiation from your cellphone
Demon clones chromosomes and yet we all condone
Mass production equals depletion of the ozone
Consumerism causin death to organisms
Mainly human and animal the war machine is cannibal

Now I lay me down to sleep I pray the lord my soul to
keep If I should die
before I wake I pray the lord my soul to take

And now we're running out of time
We must be out our fucking minds
This country's built on corporate lies
How many soldiers had to die die die die die(2x)

(Prozak)

Military intelligence 2 words combined that can't make
sense
JFK's brains blown through the future present and past
tense
Everyone with an accent be on the FBI's hit list
Homeland security an excuse to rule with an irony fist
Like Joseph Stalin economy collapsin bodies fallin
Terrorist threats being called in United Nation whos all
in
Seek and destory a nation leaving mental scars and
abrations
For the purpose of self props and televised standing
ovations
More monsters ovulating designed to justify the
craving
Society salavating while the M16's are penetrating

The end result of this life concludes that we will all
soon die
Radiation and flames mushroom clouds in the sky

I pledge allegiance to the flag of the United States of
Consumerism and to the
republic for which it stands one nation indivisible with
liberty and justice
for all

And now we're running out of time
We must be out our fucking minds
This country's built on corporate lies
How many soldiers had to die die die die die(2x).

(Mike E. Clark)
You wanna fight bitch then that's just what the fuck
we'll do
Like the shit you hearin bitch we'll turn you black and
blue
We on that other now I thought you fuckin knew that
We're hear to stay bitch nah we aint comin whack
We got the power now the soldiers on the other side
The tables turned now bitch you want a fuckin ride
Get in my face with the stupid shit you must be high
I'm tired of lookin at ya now it's time for you to die

And now we're running out of time
We must be out our fucking minds
This country's built on corporate lies
How many soldiers had to die die die die die(4x)
