This all began as I woke up one day.  
I was cold and alone and the whole world slipped away.  
I realized that I'm hollow, and empty shell.  
I heard things in Heaven, but many things in Hell.  
I'm so oblivious to life on the outside.  
My soul is a prison and my mind is the confines.  
Theres no escape, no one to desecrate.  
Heart and soul segregate while other demons  
congregate.

(chorus x2)

There's no escape, there's nowhere to run.  
Everyone's terrified when the darkness comes.  
There's no escape, there's nowhere to run.  
Close your eyes and rest in peace when it's all done.

I see mindless souls with blank stares.  
Reflecting from mirrors but nothing compares.  
Nothing will brace you, nothing prepares,  
for all the pain that might be out there.  
Life is but a dream. NO, IT'S A NIGHTMARE.  
Voices that scream and i cannot bare.  
Desensitize me until I do not care.  
Pulling on my soul they rip and they tear!

(chorus x2)

There's no escape, there's nowhere to run.  
Everyone's terrified when the darkness comes.  
There's no escape, there's nowhere to run.  
Close your eyes and rest in peace when it's all done.

I'm trapped in Hell, can't wake from this dream.  
Hair standing up, see my breath as I scream.  
Tears roll down my face in the stream.  
I pray for repentance to please be redeemed.  
And I know this cannot replace all the hate inside me.  
I would take my life but would that set me free?  
Go away, just please let me be!  
Eternity, I cannot rest in peace.

(chorus x3)

There's no escape, there's nowhere to run.  
Everyone's terrified when the darkness comes.  
There's no escape, there's nowhere to run.  
Close your eyes and rest in peace when it's all done.
