you get caught slippin  
put some bullets up in your back  
north memphis nigga nigga

so afraid to keep them pockets out  
Im about dead presidents

thats how we gon settle it  
the time on the foreign flow stood on niggas

I wanna be the boss the only way to do is to take it  
I bang a steal a from me playa I cant let you make it

the man up above showed me love it never failed  
I tried on street music last time to your chest bling  
niggas out here with that phantom in a buried ditch  
the K will spray like a wade of hoes on a snitch  
bullets flying niggas dying like the wicked witch

cause I dont sleep nigga Ima say you will do it  
you got a hard head and Ima put some steal to it  
I squeeze the trigga blood splatter on the windshield  
broad daylight itll happen on this battlefield  
Ima tell ya how I feel cause lames seat for it  
a nigga will kill dont make me reach for it  
cause if I reach for it nigga ima use it
