The first time I saw her,  
My heart broke apart,  
She is dancing like a goddess,  
She is so fine,  
I want to make her mine,  
Looking in her eyes,  
Makes me realize,  
I've got to know her,  
I've got to get her,  
You're taking my breath -  
Celeste,  
You push me down on my knees,  
Oh baby please give me the rest -  
Celeste,  
I want to kiss your luscious lips,  
Oh baby please give me the rest -  
Celeste,  
Her voice sounds like a fallen angel,  
Her body is wrapped in black leather,  
She attracts me,  
She touches my soul,  
I want to stay,  
She makes me rise,  
Then she turns away,  
I'm just a figure in the  
Game she plays every night,  
With every man who  
Catches her sight,  
You're taking my breath -  
Celeste,  
You push me down on my knees,  
Oh baby please give me the rest -  
Celeste,  
I want to kiss you luscious lips,  
Oh baby please give me the rest -  
Celeste.
