

Project Pat "Choices"

Visit "[Choices](#)" on MotoLyrics.com

If you had a choice of colors
Which one would you choose, my brothers?
If there was no day or night
Which one you prefer to be right?

Another day means another way
I can get some pay guys are gray
But the turning blue for a player true
To the game, all aboard the train

Those who kept it real couldn't hang I'm a holler man
This one you feel well, I feel choices I made
Ways to get paid if I lay down on my back
Then I won't get jacked Project Pat

Never fake the deal all about a meal
Keep a strap for the wolf pack out here trying to steal
'Cause I still think some of y'all
Wanna see my fall but I ball that's in any weather

Can we stick together? All is one but I know it's some
Always wanna preach that I'm wrong
'Cause I rap a song lyrically I reach
To the youth and I'm getting paid and I'm out the slum

Legally ghetto fabulous player give me some
Count my props 'cause I never stop
Trying to get laid
Feeling good stacking dollar bills choices I made

If you had a choice of colors
Which one would you choose, my brothers?
If there was no day or night
Which one you prefer to be right?

Here I go with a steady flow finally it last
On the bricks not behind bars come back in the past
Had no cash and I had no car so I had to do anything
Just to maintain sipping on the brew not a fool

Keeping hazards down to a minimum, staying cool
Down with my hood Memphis Hollywood understood

Everybody can't play the same role
Make a choice, do it legally or you slang dope

But I hope that the choice made is the one for you
Have a clue, gotta know yourself
Hustle to your death making wealth
With a pad and pen walking out the pin

Making steps to be right on top of my game again
See my friend, you the master of your destiny it can be
What you want it to man it's all on you player
Who wanna blow a dub ease on the brain
Ain't no pain just a lot of love curving through your vain

If you had a choice of colors
Which one would you choose, my brothers?
If there was no day or night
Which one you prefer to be right?
