You saved me from the black hole in my heart  
With you by my side I fly through the citynight

You're touching me  
With dazzling light  
Never-ending lust  
You substitute the night

With you my love  
Reality turns into fiction  
You charmed my mind  
And I love this sweet addiction

The citylights in front of us  
Are gleaming in the night  
Rush rush  
Or it will be too late  
To let my soul ignite

Strangers passing  
Never lasting  
Frozen faces  
They appear on the screens  
And they don't tell me anything

You saved me from the black hole in my heart  
With you by my side I fly through the citynight

Let me share your wisdom - baby  
Let me become a part of you  
Nothing means anything to me but you  
You fill my emptiness inside  
With words giving me hope  
With you by my side  
I'll survive another night

The citylights in front of us  
Are gleaming in the night  
Rush rush  
Or it will be too late  
To let my soul ignite

Strangers passing  
Never lasting  
Frozen faces  
They appear on the screens  
And they don't tell me anything

You saved me from the black hole in my heart  
With you by my side I fly through the citynight
