[Intro: Sample]

Look At My New Toybox, When I Wind It Up A Man
Comes Out With A Mask And A Gun

[Hook:]

Flashin flashin don't be with that flashin
All these brand new cars and the club throwin' cashin
Flashin flashin some niggas ain't havin
Money in they face they pull a gun then they grabbin

[Verse 1:]

I done trailed this nigga all day, find out where he he
stay
Find out where he lay his head, where he keep that
bread
I was bred to never talk always walk in silence
Rob you bare face, take your safe take what comes
behind it
I got a pistol mane, hotter than the equator
Slammed across the boy head, he leaking like a
radiator
Got him for 11 bowls, and a whole brick
My heart thumpin' real fast, about to make a swole lick
Had to get info out your broad, info out your dawg
You crashin' niggas walls, and let the moza rob you all
Gun going off, accidentally for them giovanies
I'm car jackin' to, I'm just trying to get some money

[Hook:]

Flashin flashin don't be with that flashin
All these brand new cars and the club throwin' cashin
Flashin flashin some niggas ain't havin
Money in they face they pull a gun then they grabbin

[Verse 2:]

All I need is a revolver, something that'll catch the
shells
Ride upon this sucka, jump out bustin' bails
Nigga don't really wanna make Project Pat go AWOL
Come through your project with that, chopper mane

and spray y'all
Bet you on them corners, you claim you be hanging out
(Gun Sounds) something like a sang along
Niggas get to frowning when they see Project up in the
club
Cause they know I'm snatching niggas chains and I get
my mane
Anyway that I can get it, I'm a get it nigga, a quarter
ounce to half-a-brick
The way we flip it nigga, screaming out I got it for the
low
You know I'm lyin', met me with the drop, then rob them
boys you know they cryin'

[Hook:]

Flashin flashin don't be with that flashin
All these brand new cars and the club throwin' cashin
Flashin flashin some niggas ain't havin
Money in they face they pull a gun then they grabbin
