Rob one of these cowards, tell them D-boys to drop that  
Rob one of these cowards, tell them D-boys to drop that  
Show up at yo' house, tell them D-boys to drop that  
Show up at yo' house, tell them D-boys to drop that

Rob one of these cowards, tell them D-boys to drop that  
Rob one of these cowards, tell them D-boys to drop that  
Show up at yo' house, tell them D-boys to drop that  
Show up at yo' house, tell them D-boys to drop that

Let me get that up off ya, get that up off ya  
Get, get that up off, \*\*\* you know what this is  
Let me get that up off ya, get that up off ya  
Get, get that up off , \*\*\* you know what this is

Let me get that up off ya, get that up off ya  
Get, get that up off, \*\*\* you know what this is  
Let me get that up off ya, get that up off ya  
Get, get that up off, \*\*\*a you know what this is

It's a big black \*\*\* with a big black gun  
Fo' snaps 'cross ya head and the blood gon' come  
Some'll run, but'll get flipped off by the sawed off  
Slugs to his knees like a pit bull gnawed off

Hauled off, nothin' but the goods my fair hood  
\*\*\* be on blow all night like werewolves  
Prowlin', bitin' at yo' pockets like the howlin'  
Shoot you in the foot, grab cheese, get on downin'

Loungin', on \*\*\* leaf, free based 'll  
Run up on ya fast, no mask, bare faced  
Fired off the glock, snatched loot, then skated  
Shells wiped down, the police couldn't trace it

Let me get that up off ya, get that up off ya  
Get, get that up off, \*\*\* you know what this is  
Let me get that up off ya, get that up off ya  
Get, get that up off , \*\*\* you know what this is

Let me get that up off ya, get that up off ya  
Get, get that up off, \*\*\* you know what this is

Let me get that up off ya, get that up off ya  
Get, get that up off, \*\*\*a you know what this is

Stackin' me up a money scheme, robbin' a fool  
Murder rate, get away but that ain't the move  
Long as he, drop the green, then I'mma stay cool  
Connect the dots, if it means, then I'm lettin' loose

\*\*\* play these tough guys like they wanna rumble  
Knowin' that they mama's boys in this ghetto jungle  
Hot skillet with them toys mayne, we never humble  
Buck shot to ya dome don't you make a mumble

Brains hangin' out'cha head, people lookin' wowzers  
It's a bystander put the tone in my trousers  
So that he couldn't see, sight he couldn't handle  
Ain't 'cha birthday but I'm blowin' out'cha candles

Let me get that up off ya, get that up off ya  
Get, get that up off, \*\*\* you know what this is  
Let me get that up off ya, get that up off ya  
Get, get that up off , \*\*\* you know what this is

Let me get that up off ya, get that up off ya  
Get, get that up off, \*\*\* you know what this is  
Let me get that up off ya, get that up off ya  
Get, get that up off, \*\*\*a you know what this is
