Defendant - judge - cell - guardian - key  
All in one person

Feel love  
And fall into the sky  
You'll be caught - dive into your soul

Defendant - judge - cell - guardian - key  
All in one person  
But you locked yourself again  
Like every time - in every life  
Remember yourself  
I'm just passing by to tell  
You might be chained

Heaven is waiting  
Time has been given  
Defendant - all is you  
Judge - you can be part of all again  
Cell - guardian - key  
All in one person  
But you locked yourself again  
Like every time - in every life  
Remember yourself  
I'm just passing by to tell  
You might be chained

A seeker surrounded by darkness  
Is still searching
