The sun is shining  
It could be a wonderful day  
The children play outside  
While the birds sing in the sky

A warm breeze moves the grass  
And small feet squeeze it  
And while a butterfly passes  
You hear the children laugh

It's waiting in the dark

A tiny metal bar  
Peeps out of the ground  
Dew reflects the sunrays  
See me  
See me  
Oh please see me

It's waiting in the dark

A stone is pushed back in the earth  
While a small sole pushes the metal bar

A tiny flash  
Disappears into the ground  
A soft click  
And with a hollow sound  
Slowly it ejects - irrevocable  
With a swirling movement like a butterfly  
It's slowly climbing high  
It passes the knees  
It passes the hands  
It passes the chest  
Until it reached it's high  
Another click  
And a fireball appears out of a shockwave  
- the eardrums break  
Like deadly insects  
A swarm of glowing spikes  
Bursts out of the red center

While flying razorblades  
Peel the last laugh off the face  
- smeared with blood  
A firestorm burns down pieces of flesh  
On the red colored grass

Stop searching  
Hell is already here  
Yes we made it happen  
Worse than any beast of prey
