Hey, human child  
Take a little time for me  
I want to show you something  
Don't be afraid  
Open the gate  
Take a look into my world  
Take a look inside  
My world is green, blue, red, and white  
Breathe the sweet air  
Smell the perfume  
Look at the fairies  
Don't close your eyes  
Enjoy the peace  
They're chasing away my chosen ones  
With poison from their fields  
There are places in my empires  
Black, grey, foggy, foul  
Which I call hell  
And you call home  
Hear the machines  
They're moving faster  
Even here you can feel the tremor  
My world is dying
