They follow me on a misty early morning  
Dancing like fools they can't stop  
Hypnotized eyes  
They're marching in a queue  
Stumbling feet are raising dust in the avenue

They'll dance until they're exhausted  
One by one  
Death caused by flute  
Like rats they are all leaving the town

I'll get them all  
Kill them all  
One by one  
They'll fade away  
No hope for them  
They will obey

They follow me  
That's the price they pay  
Vibrating sounds in the air  
And the sky is grey

I did it before  
And I'll do it again  
Another time  
Another way to pay

They'll lose their children  
'cause I'm now back again  
They don't notice the way  
I'll make them insane

Their kids are sitting  
In front of machines  
No more vibrating sounds  
But hypnotizing lights  
They're staring into monitors

I'll get them all  
Kill them all

One by one  
They'll fade away  
No hope for them  
They will obey
