Situation's gone bad, for you niggaz claimin' killaz
Automatic triggaz pullin' drillin' holes inside your liver

peep these streets
Sayin' "That ScanMan boy's a bitch" know watch them
throw lights out in my
head

[DJ Paul:]

Killin', buckin', buckin up in Gunfire
Bullets rickin' off the walls, nigga this is Warfare
Suckaz claimin' they got nuts
You don't know these elephants
Specialize in takin' notes

Niggaz this is serious, I can't play no games no more
Niggaz actin' curious, but I think they know the score
Bitches know the Hypnotize medallion show what click

colder

Won't you come a little closer nigga, you won't be rollin'

[T-Rock:]

Socialists up actin' miss servin' sevens

Have 'em in jail suspended, in the middle

Started rivalries civil

Homies swithin', actin' fickle

But if you fuck with family ties, we leave you triple

That nigga there know his gun a missile, Lord don't

flash on him, only man

ain't chival

Erasin' ample businesses all in the name of the T-Rock

Suckaz eat pot, swallow D, and get punished for three
rocks

Bangin' the hit stops, it won't be over, 'til your heat
pops

Away from the gravity, stand and point your a Tech and
see him drop

[Gangsta Boo:]

Down, down, baby goin' down, down

Sweet dreams baby, Rock-a-bye baby

Be pointed at ya we comin', and I bitch, I bet ya, I bet ya

You wanna hit 'em, but nigga you an't forget 'em,

[Project Pat:]

Alot of gunfire, bustin' on you hoes to get my point
across
Ridin' in your hood and let the muthafuckin' bullets toss
Tossin' me a berries pack, now I'm tossin' you some
dramma
Ridin' with my congregation, and we smokin' on
marijuana
If you wanna go to war with us, we prepared to bust
Caught that niggaz slippin' at his place, shot him in his
face
Now I race, from the scenery, blowin' on greenery
Know I got a temper but you tricks wanna be mean to
me
It's the weak, told to tell 'em, Julius Caesar, how he rolls
Newspaper, told to tell 'em, how he just got Inocked of
his toes
You should know, that we rollin' deep, hittin' like a train
Kiss the floor, don't be lookin' dumb cause I don't
explain
I maintain, killaz catchin' drinks, Project cathin' cappers
Shootin' at your muthafuckin' lane, they be catching
vapors Playa Haters, violatiers, bullshitters, this for y'all
Boy I keep a big gun, you don't want none
