Curly hair around your neck,
Black boots - long legs,
You know I love the details,
That's why you got red fingernails,
You are moving like a cat,
Sweet bitch turn around,
And give me your back.
Black cat,
Scratch my back,
Sweet witch I penetrate you,
Your love is like a combat.
Your lips taste like honey,
Your bed is a trap for me,
Bites of lust - milk on your chest,
Master and servant,
I lick your neck,
Please forgive me.
Black cat,
Scratch my back,
Sweet witch I penetrate you,
Your love is like a combat.
I want to die in your arms,
You mean everything to me,
Your smile is demonic,
Sweet bitch turn around,
And give me your back.
