Oh woman ? it's such a shame  
You are giving life ? like earth  
That's why we treat you the same  
Oh woman you're not to blame  
Like earth ? you are giving us love  
That's why we treat you the same

Oh girl ? don't listen to men  
When they tell you ? you shouldn't  
But they tell what you can  
Girl ? you are the missing part  
Of this society which is falling apart

Oh human ? when will you be  
Like the deeper meaning of reality  
Oh human ? don't you see  
You are ignoring one part of humanity

Men ? what do we do  
When we tell a direction  
Then it's true  
Men ? what will it be  
If we would change  
The earth to normality

What is the difference in here  
It's the direction ? from which comes the fear  
And ? why don't they change the way  
Because one part is missing  
And earth seems here to stay
