Sittin' on the edge looking for songs in a bottle,  
Talking with strangers who don't know my pain  
Blurry eyed and burned out  
Choking on more than I can swallow  
Crack in a little voice called out my name  
She said-Whatever happened to you, it's been two  
years where have you been  
And I guess all my fears were true  
The words are all gone the time's been too long  
But I deserve to know what happened to my friend  
Staring in her face I see a past that still haunts me,  
The road where we split up is paved with the things I  
didn't say  
We had wonderful times but terrible timing now  
Just leaver her alone, I'll just be in her way  
She said whatever happened to you  
You took the coward's way out again and I guess all my  
fears are true  
The words are all gone, the time's been too long but it's  
not too late to say  
I'm sorry to a friend  
I'm sorry to a friend  
I'm sorry to a friend  
Like a stone in a stream  
Life smoothes all our edges  
'Til we barely make a ripple anymore  
But those times in my life will live with me forever  
but we're not the same people that we were before  
And I'm sorry for the smiles we missed and the times  
that I blew it.  
I've got so much to tell you I don't know where to start  
Maybe I'll find a way maybe you'll help me do it  
'Cause friends like us should not be apart--  
And I'm sorry to a friend--  
Well now I'm sorry I'm sorry I'm so sorry Sorry and I'm  
sorry  
Oh yeah
