Dear Erica,  
I would cherish you more than life itself  
Wait, no you wouldn't  
Don't listen to him he only cares about himself  
See I would be there through thick and thin  
In sickness and in health, from beginning to end  
You got to decide me or him Erica, tell me I'm curious  
Bobby I don't mean to cut you off but are you really  
being serious  
'Cause the way I see it she doesn't even like you  
She knows we're boys and that's the reason she invites  
you  
'Cause honestly she'd rather be alone with me  
Walking in the park after dark, living so happily  
OK Yas he's a loser and I use that term loosely  
And usually he's so broke, he makes you pay for his  
dinner and his movie  
You know Bobby's Mr. Wrong but he acts like Mr. Right  
Erica he's a cop-out, a high school drop out who never  
worked in his life  
Erica, take my advice like how long have you known me  
I know Yas he's the kind that'll leave you stranded and  
lonely

Chorus  
Now tell me why you leavin' me  
Every time you seein' me  
Is this the way you treatin' me  
Erica please  
Tell me why you leavin' me  
Every time you seein' me  
Is this the way you treatin' me  
Erica please

Hold up, wait a minute let me tell you what Yas did  
He told me he'd cheat on you, that makes him an  
unfaithful and ungrateful bastard  
I cheated Bobby these are the lies you tell  
Erica ask him about Stephanie, Caren, Jen, Michelle  
ring any bells  
And that was just last week so go ahead and laugh at

him

Those cute pick-up lines, he read them in the last  
Maxim

Yas screw you, you got that same issue

I seen you reading those same pick up lines last week  
to that girl you were kicking it to

You see Bobby's not big on pleasing but he acts like he  
mastered it

I heard two, three minutes, lets just say he's sexually  
inadequate

Ask him where he was last night, has he had a chance  
to explain

Go ahead ask him what's more important to him, you or  
his basketball game

I bet he forgot your name, caused you pain and let me  
mention

You're better off dating that dude from cruel intentions

You see I'm a man

You're not a man

You're a cheating flirt

When was the last time you and a girlfriend ever  
worked

Chorus (2X)

Bridge

You, you got to love me or leave me alone

'Cause I'm so sick of this

You, you got to love me or leave me alone

'Cause I'm so sick of this

You, you got to love me or leave me alone

'Cause I'm so sick of this

You, you got to love me or leave me alone

'Cause I'm so sick of this

Tell me why you leavin' me

Every time you seein' me

Is this the way you treatin' me

Erica please

Tell me why you leavin' me

Every time you seein' me

Is this the way you treatin' me

Erica please
