for all who didn't get it yet
we're living in the age of change
that means you should change yourself
don't wait until the others will

You have the power to change the world
You have the power to change the world
Small reason huge effects
Small reason huge effects

Time is running away
Second for second
Break out of your mind-cage
And control your rage
Time is running away
Second for second
Break out of your mind-cage
And control your rage
You're responsible
You're responsible
Understand that
Understand that
Don't be a cogwheel anymore
Don't be a cogwheel anymore

Don't be a cogwheel anymore

Don't sit there
Move your ass
One is all
And all is one
Don't sit there
Move your ass
One is all
And all is one

Every little thing you do
Causes huge effects
Every little thing you do
Causes huge effects
The whole world
Depends on your actions

The whole world
Depends on your actions
You're responsible
You're responsible
Understand that
Understand that
The moon is red
The sun burns
The moon is red
The sun burns
Time is running away
Time is running away
Second for second
Second for second

Time is running away
Second for second
Break out of your mind-cage
And control your rage
You're responsible
You're responsible
Understand that
Understand that
Don't be a cogwheel anymore
Don't be a cogwheel anymore

Time is running away
Second for second
Break out of your mind-cage
And control your rage
Time is running away
Second for second
Break out of your mind-cage
And control your rage
You're responsible
You're responsible
Understand that
Understand that
Don't be a cogwheel anymore
Don't be a cogwheel anymore

Don't be a cogwheel anymore
