Curly hair around your neck,  
black boots - long legs,  
you know I love the details,  
that's why you got red fingernails,  
you are moving like a cat,  
sweet bitch turn around,  
and give me your back.  
Black cat,  
scratch my back,  
sweet witch I penetrate you,  
your love is like a combat.  
Your lips taste like honey,  
your bed is a trap for me,  
bites of lust - milk on your chest,  
master and servant,  
I lick your neck,  
please forgive me.  
Black cat,  
scratch my back,  
sweet witch I penetrate you,  
your love is like a combat.  
I want to die in your arms,  
you mean everything to me,  
your smile is demoniac,  
sweet bitch turn around,  
and give me your back.
