white walls . cold light . beeping sounds  
people gathering around . a beautiful tune somewhere  
frantic voices becoming softer . drowned by the  
swirling melody . filling my head  
sight becoming blurred . a tunnel of light attracting me  
. I pass through  
a feeling of freedom flows to me . freedom flows  
through me  
I see a lovely being smiling gently . welcome back my  
dear  
a voice like chimes . I've been waiting for you  
are you willing . I don't know  
I still have so much to do . I'd like to stay and rest  
but my children are so young . they need me as their  
guiding hand . it's your choice it  
answers  
by now I've recognized the being . and look forward to  
see it again  
with new energy and a will not to forget . I make my  
way back  
a flash of light . beeping sounds coming back to me  
I focus my view on relieved looking faces . I smile in  
remembrance
