Push a little harder than a shove
Push me in
Not for lack of better words
Let me begin.

And it goes on and on and on and on and on
It's not the same
On and on and on and on and on
In fact it's just a name

A little more than leisure, just a little less than
Life
You say you want to point the finger
But you gotta get in line

Not as many words to be heard
Not as many vices with the world
No one's ever gonna burden me
With all the things that they have learned

And it goes on and on and on and on and on
To get where we've come from
On and on and on and on and on
To get where we have gone
We have gone away

A little more than leisure, just a little less than
Life
You say you want to point the finger
But you gotta get in line

On and on and on and on and on...
On and on and on and on and on...

A little more than leisure, just a little less than
Life
You say you want to point the finger
But you gotta get in line
