If we caught up after this much time
I wouldn't know just what to say
Then again, you'd turn it around so
If we caught up after this much time
For effort you'd probably get an "A"
But it doesn't mean you've made the grade

If we caught up, just what could you say?
Boy, I have a list of things, If you like I'll lend you
One
But I really shouldn't have to feed you lines
Then again, I'm fine by mine
Then again, I'm fine by mine so you can

Save me
Sit you down
Save me
Push you down
Yeah, I'll push you around

If we caught up, just what could we say?
I never thought it would come to this
Never thought I'd rue the day
I really shouldn't have to feed you lines
Then again, I'm fine by mine
Then again, I'm fine by mine so you can

Save me
Sit you down
Save me
Push you down
Yeah, I'll push you around
