Her gaze hit the side of mine
So I opened it out
To destroy what you thought was difference

So I lied to you once again
So I painted over you once again
So I die before you once again
What's the difference

Come clearly where the flavour is
Seen here in black and white
Youve got two seconds baby boy
In burning light white light
What's the difference

Clear up what you are
Burn out these eyes
Rip up this place and scream
I am your slice of life (four times)

Shivering under lamposts
Shivering under glass
Your standing on charisma again
God knows it cannot last
What's the difference

Ice inside your body
Blood inside your soul

Yet still twelve faces stand around
Hugging your skinny bones
What's the difference

So clear up what you are
Burn out these eyes, rip up this place and scream
I am your slice of life (four times)

And the car opened him up to so much more
And the money is brighter with a wider smile
And the problem expands inside your head
