We can't let it all go away  
Just wait  
There is wall in-between  
Just wait we have to try, even though it will hurt us

End this  
Take my life away  
Defeat me with my lust  
Darkest lie is just for you  
Infest me with you hate  
Slap me in my face, slash me with the whip of the hate

I am so done with you  
I, I am so wrestles now  
Give me the reason to be  
Tell me why to be here tonight  
Tell my why to bear this night  
Tell me the reason for this all

Gods try to be humans  
Humans pretending to be gods  
Can't play god anymore  
Humans play gods  
Gods play humans  
Humans play gods  
Gods play humans  
can't play god anymore

Gods try to be humans  
Humans pretending to be gods  
Can't play god anymore  
Gods play humans  
Humans play gods  
Gods play humans  
Humans play gods  
Forget my sins  
I know the reason  
Just look at me  
Take me away from the pain to the grave

Forget my face  
I know the grief

Just look at me  
Take me away from the pain to the grave

In my cage, I wait my dawn, my death, my warning.  
Warning for my crimes

Should I say  
Should I stay  
Should I pay  
Should I gain it all

Should I pray for you

End this  
Take my life away  
Defeat me with my lust  
Darkest lie is just for you  
Infest me with you hate  
Slap me in my face, slash me with the whip of the hate

I am so done with you  
I, I am so wrestles now  
Give me the reason to be  
Tell me why to be here tonight  
Tell my why to bear this night  
Tell me the reason for this all

Gods try to be humans  
Humans pretending to be gods  
Can't play god anymore  
Humans play gods  
Gods play humans  
Humans play gods  
Gods play humans  
can't play god anymore

Gods try to be humans  
Humans pretending to be gods  
Can't play god anymore  
Gods play humans  
Humans play gods  
Gods play humans  
Humans play gods
