Pass away to another dimension  
Through the gates of the circle  
To the world of deception  
Filled with corruption and pain  
Hate by vindictive masters  
Makes you wanna follow  
Persecutors with their legions  
Seeking you to death

Beyond the circle  
Time to regret  
Beyond the circle  
You will never forgets

Beyond the circle  
Time to regret  
Beyond the circle  
You will never forgets

Pass away to another dimension  
Through the gates of the circle  
To the world of deception  
Filled with corruption and pain  
Hate by vindictive masters  
Makes you wanna follow  
Persecutors with their legions  
Seeking you to death

Pass away to another dimension  
Through the gates of the circle  
To the world of deception  
Filled with corruption and pain  
Hate by vindictive masters  
Makes you wanna follow  
Persecutors with their legions  
Seeking you to death

Mutilations of the past  
Has returned to your mind  
Escape to another dimension  
Is your only way out
