### "Eternal Incubation"

I can't escape  
Trapped in this world  
Another dimension  
Unconscious I am  
Caught in my body  
I wish I was dead  
Machines hold my life  
Won't wake up from this dread  
Not able to talk  
A depreciation

Can't tell them your  
Eternal depreciation  
Not able to talk  
A depreciation  
Can't tell them your  
Eternal incubation

Darkness is all I see  
An eternal misery  
It shreds me like a knife  
But I can't escape  
Trapped in this world  
Another dimension  
Unconscious I am  
Caught in my body  
I wish I was dead  
Machines hold my life  
Won't wake up from this dread

Not able to talk  
A depreciation  
Can't tell them your  
Eternal incubation  
Not able to talk  
A depreciation  
Can't tell them your  
Eternal depreciation

No time to regret  
The sins that I've done

Is this a punishment?  
Or am I the unchosen one  
I can never live a normal life  
I will never feel that I'm free  
Helpless body lies so still  
You please kill me. Can't do it myself  
Helpless body lies so still  
You please kill me. Can't do it myself

Do it, kill me  
Do it, kill me...
