Execution of an innocent creature  
The reason is deformity  
Constructors with no mercy  
Send it to an instant death  
No thoughts of abortion  
To see this inhuman thing  
Makes them to butchers  
With no humanity or remorse

Deformed body and organs  
Makes it to a freak  
A mistake of nature  
Birth shouldn't been done, no...

Execution of an innocent creature  
The reason is deformity  
No thoughts of abortion  
Makes them to butchers

Execution of an innocent creature  
The reason is deformity  
Constructors with no mercy  
Send it to an instant death  
No thoughts of abortion  
To see this inhuman thing  
Makes them to butchers  
With no humanity or remorse

Inhumation postanatal... inhumation  
Inhumation postanatal... inhumation

The reason is deformity  
Makes them to butchers...
