Only time will tell the truth  
Iâ'm living proof of what could happen to a man  
When he decides to stand strong  
Some of them swim, some of them drown in their sorrows  
Weâ're living to die and Iâ'd die to live again tomorrow  
But let me tell you about the time I was just a teen  
Yas & Bobby you said it was just a dream  
My lifeâ's a circus I serve no purpose  
Now when you hear my name you get nervous  
You see it wasnâ't just a fantasy  
âCause music is my life and I cherish it like family  
So now Iâ'm chasing dreams, facing obstacles  
Racing against the clock like it was impossible  
Somebodyâ's watching over me like a guardian angel  
Iâ'm on the outside watching my life untangle  
Watching my life climb to new heights  
Still waiting for the day I see my name in lights

### *[Chorus]*

Tell â'em once tell â'em twice  
Only time will tell  
Some go up, some go down and some never fell  
Win or lose make a move, if you got the guts  
So whyâ's everybody always screaming life sucks

### *[Verse 2]*

Only if I knew what made you hopeless  
When time stands still I just sit back and focus  
I hold a mic on stage, I hold a pen to the page

And then I write like I was trapped in a cage  
But wait a minute âcause itâ's not the end  
I call few people enemies and fewer people friends  
And a lot of people like to think they were down from the start  
You played your games you broke my heart  
You broke my heart into pieces  
You showed me who the beast is  
Yeah I trust you about as far as my hand reaches  
Sticking to me like leaches and holding me tight  
I went from deep sleep to sleepless nights

I can't take it, I got to make it my passion  
Dedicated to all the ones who were laughing  
Take these words home and think it through  
'Cause the next song I write might be about you

*[Chorus (3X)]*

Only time will tell why people try and drag you down  
They never make a noise and they never make a sound  
Only time will tell if these people really want you  
Maybe one day it'll come back to haunt you  
Only time will tell what's the price for being famous  
Some die with a name, some die nameless  
Only time will tell when you make a mistake  
Hold on to your life before it's too late

*[Chorus (2X)]*
