Born with a silver spoon and a money made carriage
A youth sheltered from the truth till abandoned by his
parents
Rupert Murdoch became a true Citizen Kane
Daddy's paper inherited, put all doubters to shame
To sustain a paradigm bent on world domination
Five decades, conglomerates, a network's abomination
Print, television, film, a neat little package
Buy up all competition, avoid excess baggage
The empire created, the next noble pursuit
Buy any willing politician with the excess loot
Now in Ronald Reagan's pocket, pushing outwards
from home
To Ariel Sharone and countless other leaders, to bone
The middle man, working class, told what to enjoy
What actions to pursue, what habits to employ
Behind the scenes , Fox News, the blueprint of a fiend
Eradicate free-thinking - the American Dream

[Chorus]

Fox News is sheltered up in an oil-funded palace
Drink the working class' sweat from a gold-plated
chalice
Oppress third-world countries through never-ending
malice
Now you look in my eyes - tell me you're Fair and you're
Balanced

Robert Ailes, big kahuna, set in charge of the news
To pursue, the 'Right' angle, every anchor white dudes
Or white women, dyed hair, no want in journalism
Plan to overthrow your minds with packaged patriotism
On the roster: Bill O'Reilly, nothing short of Satan's
clone
Grabbing ankles for pigs, we're in the "No Spin Zone"
Alan Colmes: if he's a liberal, Billy Graham is as well
And Sean Hannity's his altar boy - it ain't hard to tell
And what passes for news is simple propagandist sight
Home movies of George Bush with Entertainment
Tonight
Breaking news around the clock on Michael Jackson's

arraignment

A flak story - flagged coffins, call Brit Hume for
containment

Fear mongering of terrorism, downplaying the war's
death

Kill 100,000 Iraqis and portraying we're blessed

Well shit, you don't say, the terror alert's orange?

I'll strap C4 to my chest and bomb Fox News with my
boys

[Chorus] - 2X

Fox News is sheltered up in an oil-funded palace
Drink the working class' sweat from a gold-plated
chalice

Oppress third-world countries through never-ending
malice

Now you look in my eyes and tell me you're Fair and
you're Balanced

Demoralizing free speech and free press at the hands
Of a company, that in the eighties, supported the
Taliban

Is under way, hulking towards us a towering behemoth
A juggernaut beyond the reach of our government,
believe this

It IS the government, now the media's taken over
No longer the 4th branch, choose what happens to our
soldiers

And the world's grown colder, we're spoon-fed lies to
save

Face, and stay safe, and keep us knotted in our place
But it's time to break the bonds, break away from
artificial

Emancipate your mind, eliminate the superficial
Have a backbone, for Christ's sake, this isn't a dress
rehearsal

It's our lives, it's all that's given, repercussions
universal

Ignorance is no excuse for accepting the actions
Enacted by a militia - representing crazed factions
The best start to the end of the finish line to succeed
Is to stand up, turn off the TV and read...read
