I passed your porch today with a smile on my face  
When I thought about all the flights I take  
To North Carolina down to see my baby  
In hopes that when I make, make myself look back in  
retrospect  
I'd spend every single dollar spent  
If I can just get one more chance to be with you for life  
Nothing is too hard, no drive is too far  
To get down to Raleigh tonight

It's gonna be a long way home  
Cause every time I hear the road calling out my name  
I'm gone  
And I'm gonna take my time watching these days go by  
It's just for now that I, I'm leaving

So believe it or not I choose to believe  
You're somewhere out there thinking of me  
And know that I am right here, thinking of you  
Through looking back in retrospect  
I loved every single day we spent  
I wish I could get just one more chance to be with you  
for life  
Nothing is too hard, no state is too far  
To make it to Raleigh tonight

It's gonna be a long way home  
Cause every time I hear the road calling out my name  
I'm gone  
And I'm gonna take my time watching these days go by  
It's just for now that I, I'm leaving

You had stars in your eyes  
Just like southern skies that we spent all our time under  
In my mind I'm on one of those flights

Cause nothing is too hard, no state is too far  
I'll get to you

It's gonna be a long way home  
It's gonna be a long way home

You had stars in your eyes  
Just like southern skies that we spent all our time under  
In my mind I'm on one of those flights
