You wanna know something  
Still I try so hard not to care  
Well I'd give you hell if I could  
Sold on the excess, chasing the tail to  
the cage  
Joke's on you, you're sliding, of not

far to go  
I'd give you hell if I could  
You wanna know something

I swear you've know far to go  
You've not far to go  
I'd give you hell if I could  
Some are so sad  
I itch and sore and still I can't  
They pray the bad go away  
complain  
And not far to go  
If all looks so stupid to me  
Singing have gun will travel  
Seconds stutter backward
