Close my eyes  
I've said it before, this will be  
The last time to make a sound  
I'm sick of being brought up  
Just to be knocked back down

I am done, this is it  
I'm going away with a wind  
It's taking me to a place  
It's different from here, so different from here

So this is sad  
I've been like this before but you were all  
I had, but my last chance  
I stand back and watch it  
Slip right through my hands

Should I apologize  
For the mistakes i never made?  
So I sit back and I sigh  
Is this where I'm supposed to say goodbye?  
Goodbye

Is this emotional enough  
For you to turn and walk away?  
Are you gonna turn and walk away  
When you see the pain?

Is this emotional enough  
For you to turn and walk away?  
Are you gonna turn and walk away  
When you see the pain?

Is this emotional enough  
For you to turn and walk away?  
Are you gonna turn and walk away?  
Are you gonna turn and walk away?

Is this emotional enough for you  
To turn and walk away?  
You gonna turn and walk away?  
Is this emotional?
