Long long long suffering suffering
Long long long suffering suffering

Long long long long long long time
See we've been working for another man's time
Yes we've been living on the borrowed time
It's a long long time

Wake up from your sleep
Just wake up from your sleep

Coming to you live and direct from creation
Blaze fire burn fi di babylon nation
Inner hart desire, to save every woman
Every man from the attack of dem fire
Fire we go blaze we no liars

Dub it like a man Zephaniah

Advertising corporation trademarks
Coming with dem fashion dreadlocks
You never know who your friends are
You never know who your friends are

Long long long long long long time
See we've been working for another man's time
Yes we've been living on the borrowed time
It's a long long time

Wake up from your sleep
Just wake up from your sleep

It's like in Babylon
Wake up!
