Hi, I'm alive
He lives inside
You will be lined
From wrong to right

(chorus)

And I see you face, and you see my face
And I can not (WAAH!)
And you feel the pain, and you see the gain
And you wanna (WAAH!)

And now that you believe, and now that I can see
And now that we can fall in love again
And now that you can see, and now that I believe
And now that we can fall in love

I I'm so high
It feels alive
You will be lined
From wrong to right

(chorus)

And now that you believe, and now that I can see
And now that we can fall in line again

And now that you can see, and now that I believe
And now that we can fall in line
(Ã—2)

(chorus Ã—2)
