Take my hand and never stay still much
...awake now to feel your touch
All around me, oh my baby

Tell my baby mama I'll be gone till November
Let a bit of cream, a 21
With the most of her smile, she got a ...
I love the way she's screaming, working
A tired eyes, and the skinny jeans
Wanna rock your world, a mister billy jean
Rude boy, can you do the walk now
When the ...rain,
Don't wanna touch, just wanna love

Take my hand and never stay still much
...awake now to feel your touch
All around me, oh my baby

Remember the worst day, ones we used to pray
For the better days
Take you bout the...that you never had, you never had
While my baby girl in the kitchen, cooking
I be getting high, so lifted
With my eyes, couldn't be ...
Riding late night, no bye bye, no goodbye
Feel turning while my tears...
Take my hand and tell me I'm the one

Take my hand and never stay still much
...awake now to feel your touch
All around me, oh my baby

I'm the king, my most city queen
Hit the...that never had
Sometimes I feel you're the one
Lately, big gag on ...
Fucking with her friends, ...try to come between
Last night, where you at, where you been?
Where you been slipping weed...

Bitches and cream, checking out my phone
Now she wanna go, running out of laps
Back in ...
Before I let you go, I'ma let you know
You're my pretty little flower,
Up in the showers, and...hours
Take my hand and never let it go

Take my hand and never stay still much
...awake now to feel your touch
All around me, oh my baby.
