Cause I know what you said
When you walked away
And didn't stay
Oh my love,
How I wish to turn back those days
But now you're so far away

And now I'm looking out the door
Waiting for you to come
As I can't wait for you no more,
Look inside and

You'll know if I can love you again
If you'll love me
You know, girl I can love you again
But if you love me
I need you more
I need you more
I need you more
Oh baby I need you more
I need you more
I need you more
I need you more
Oh baby I need you more

There's a start, a better life with you a part
I can't do that my heart
It could be forever in love you and me,
Come it's so easily

And now I am looking out the door
Waiting for you to come
As I can't wait for you no more
Look inside and

You'll know if I can love you again
If you'll love me
You know, girl I can love you again
But if you love me
I need you more
I need you more

I need you more
Oh baby I need you more
I need you more
I need you more
I need you more
Oh baby I need you more

That's why
That's why
That's why

You'll know if I can love you again
If you'll love me
You know, girl I can love you again
But if you love me
I love you more
I love you more
I love you more
Oh baby I need you more
I love you more
I love you more
I love you more
Oh baby I need you more
Oh baby I need you more
