I'm so confused
You stole my heart
And run away
Come back
Come back and give
And explain for the crime you did
You ruined my world
You've just betrayed
Everything we had
You say that you would be
The release of my nasty dream

I don't know how
To earn you back
I don't know how
I hope I'll find the way
To attract your attention

Although it's true
I still can't believe what's happening
It seems, like you
And I don't know what to do!
Some day, I wish
You'll understand what love is
What you, what you might need
If you don't give a chance to it

I don't know how
To earn you back
I don't know how
I hope I'll find the way
To attract your attention
[x2]

I'm so confused
You stole my heart
And run away
Come back
Come back and give
And explain for the crime you did

You ruined my world
You've just betrayed
Everything we had
You say that you would be
