Cuz I'm so horny...and your lyrics are so corny
That they bore me and I woke up too late this morning
Or too early...wait a minute there goes Shirley...
The girly I fucked last year when her hair was curly
Couldnt remember it cuz I was Infinite
And I met ken Kaniff in Connecticut
He said his predicits and pronouns and wanted to
throw down
And he said I like you...and then he walked up and said
let me snake bite
you
And I said hell no...kicked him with my shell toe...
Gave him a elbow...Ayo Proof ...go....

Proof

What you wanna get done to...
Your chest plate...eradicate
Get your flesh ate...easily done..Here it is...

us
Girls wanna blow us like Monica....Lewinsky
Come against me...

Eminem

Go and see I'm an invincible Mc
If you dont believe it then you wanna try to convince me
That you're dopper than me...which we'll hope
You would hope to be....but hopefully I will rock globaly
And nationwide...thats why my ass is wide (wide, wide)
Thats why your ass just died on the passanger side...
Like a fuckin ride...when it got shot up by a drive by

When I drove by 5 times and gave it five tries
And still missed it
I got a fuckin mental illness a gentle stillness...
Violence...complete silence is what I need in the room
while I freestyle
What I need is to do...what is need is smoke weed and
brew
And.....smoke brew ? You don't smoke brew...
If you do I'll choke you and then I garauntee I'll out
