Freedom! you can't replace
wake up
before it's too late

That dream! is not mine
over again
frozen in time

your self control
infection took its toll
rain man has arrived
my name will not apply

they run around
destroy this fuckin' crowd!
promoting a fake life
we can deny!

confusion,its in our brain
they took my soul away
embrace,the agony
living now your misery

the floor of madness
religion's lying
your people now
bleeding and crying

cannot resist us
just like a drug
above my eyes
no place to run
