Feel I'm on the verge of some great truth  
Where I'm finally in my place  
But I'm fumbling still for proof  
And it's cluttering my space  
Casting shadows on my face

Though I have the strength to move a hill  
I can hardly leave my room  
So I'll sit perfectly still  
And I'll listen for a tune  
While my mind is on the moon

And if I stumble  
And if I stall  
And if I slip now  
And if I should fall  
And if I can't be all that I could be  
Will you, will you wait for me

Cause everywhere I seem to be  
I am only passing through  
I dream these days about the sea  
I always wake up feeling blue  
Wishing I could dream of you

So if I stumble  
And if I fall  
And if I slip now  
And lose it all  
And if I can't be all that I could be  
Will you, will you wait for me

And wait for me  
And wait for me  
And wait for me  
Won't you wait for me  
And wait for me  
Please wait for me  
Please wait for me  
Won't you wait for me  
And wait for me

Please wait for me  
Please wait for me  
Won't you wait for me  
And wait for me  
Please wait for me  
Please wait for me  
Won't you wait for me  
And wait for me  
Please wait for me  
Please wait for me  
Won't you wait for me  
Please wait for me  
Please wait for me  
Please wait for me  
Won't you wait for me
