A force of evil, soon too awake  
Rollen hands will reach for your skin  
Stinking creatures in search for the meal  
Will cut you up and eat you from within  
Hellish intruders will tear you apart  
Slice you up with filthy claws  
The dead will march, a command of the dark  
They skinned invaders with deadly jaws

Then hell is full they will rise from their graves  
Restless souls awaits rebirth  
Reborn dead from a world below  
Resurrected beasts will walk the earth  
Resurrected beasts will walk the earth

Command of the dark...  
Command of the dark...  
Command of the dark...

Malice hordes unleashed from hell  
The flag of death, will be raised by the dead  
Hell on earth, a zombie attack!  
A new world order lies ahead  
Hellish intruders will tear you apart  
Slice you up with filthy claws  
The dead will march, a command of the dark  
Grey skinned invaders with deadly jaws

Then hell is full they will rise from  
Their graves  
Restless souls awaits rebirth  
Reborn dead from a world below

Resurrected beasts will walk the earth  
Resurrected beasts will walk the earth

Command of the dark...  
Command of the dark...
