Bleed to death  
Rot and burn  
Murderous power  
Unleashed upon mankind  
Die  
Prepare to die  
The final chapter, your final day

Humanity  
Slowly rotting away  
I'm the ruler of hell  
The creator of evil

One by one  
I rip out their souls  
Forever in flames  
One more sent down  
Die  
Prepare to die  
The final chapter, your final day

Suffering, you will roar with pain  
When you die  
I rip your soul, you rot  
Mutilation sets in

Humanity  
Slowly rotting away  
I'm the ruler of hell  
The creator of evil
