In My Arms

All through the years you were my hero  
My best friend and my one companion  
Then we got news and my world shut down  
And I took care of you  
I did what you told me  
Never wanted to disappoint  
I never let them be put down  
I make people happy and talk about you  
And I say how much I miss your face

(chorus) you were lying in my arms struggling to live  
And I whispered go and then you faded away  
I shed many tears for you  
And it shows that I miss you  
And now I know that I believe

The family came close  
You met your first grandchild  
They gave you 3 weeks  
And you said 3 years  
3 years I sat by your side  
And then (chorus)

What doesn't kill you, makes you stronger  
That's what I say when I need some hope  
You told me that and I took your word  
Now look and see what I've become  
Since then (chorus)

I wear a cross with your name  
It says "Believe" cause that's what you said  
I wear it everyday  
I hold it when I pray  
Through every trick and every stunt  
Cause I know you're looking down on me  
And I know someday I'll be with you  
and then we'll be together and then we'll remember  
when

You were lying in my arms struggling to live  
then you whispered and faded away

I shed many tears for you over the years  
and every tear was one less drop of pain  
cause when you were in my arms  
You said to watch for you in the rain  
when you were lying in my arms.....  
lying in my arms....  
struggling to live.....
